Statement of Substance of Interview

[0001] The Examiner graciously talked with me—the undersigned representative for the Applicant—on 02/03/2009. Applicant greatly appreciates the Examiner's willingness to talk. Such willingness is invaluable to both of us in our common goal of an expedited prosecution of this patent application.

[0002] During the interview, I discussed how the claims differed from the cited reference, namely Graupner. Without conceding the propriety of the rejections and in the interest of expediting prosecution, I also proposed several possible clarifying amendments.

[0003] The Examiner was receptive to the proposals, specifically the clarification regarding the §101 rejection. I understood the Examiner to tentatively concur with the proposed amendments to independent claims 1, 6, and 11. However, the Examiner indicated that he would need to review the cited art more carefully and do another search.

Respectfully Submitted,
